

Ordering blinds for the Skylight window could not be easier, on most occasions you don't even have to measure. On the frame of your window there will be a plate detailing the window code. Use the information below to find the code and order online.

Locating Your Fakro® Window Code

Locate the window plate shown below. Fakro® window codes have 2 relevant parts. a = the frame reference, b=the window reference. Note down the values for a & b, ignore c. Use a & b values on the website to order your blind.

If you can't find your window code plate and you are sure you have a Fakro® window then use the table below to find your window code from the visible glass size. Measure width first then length then use the tables below to find the relevant frame and code to order on the website.

Glass Width	Glass Length	Frame	Code		Glass Width	Glass Length	Frame	Code
352	582	FTT	1(55/78)		582	782	FTT	5(78/98)
