

***Our blinds are NOT compatible with white PVC (P) or Timber (T) Keylite® windows. The codes will generally but not always begin with P or T, for example P02 or T02. The frame sizes are the same but the glass sizes are different so please check the glass sizes using our guide here. If you are unsure please email us the width and length of the visible glass sizes to check ***

Ordering blinds for the Skylight window could not be easier, on most occasions you don't even have to measure. On the frame of your window there will be a plate detailing the window code. Use the information below to find the code and order online.

Locating Your Keylite® Window

The product plate will look something like this. Use the Window Size and frame size below for reference.

If you can't find your window code plate and you are sure you have a Keylite® window, then use the table below to find your window code from the visible glass size. Alternatively give us a call on 0161 451 0290 and we will be happy to help you.
